Miss Ruthie,

It has been wonderful
having you for my English
teacher in the last two years.
I was one of the lucky ones.
I was fortunate enough to
have you as a teacher. You
are the most wonderful
person I have ever known.
You made each English class
something to be enjoyed
instead of a reading, even
with your exams are different.
May the future hold
happiness and success
for you. I hope your
sincere wishes come true.
May each dream come true
time and when you go to
Europe and get back, I hope
you tell me about it.

Best wishes,
"Eddie"

Foreword

My story will be the adventures in my life, which took place at F. C. H. S. beginning in September, 1950.

The history of an individual must be the sum total of his adventures and in this 'Blue Book' we would take our high school adventures and bind them in a happy volume where they may be recalled in the long years ahead.

The adventures in our high school lives have brought a certain amount of happiness and satisfaction. True, they were not always in the amount we expected nor of the quality hoped for, but they have always played their part in shaping our lives.

We found that the harder we worked the greater became our satisfaction in the joy of achievement. Along with this came the touch of sorrow, the pang of illness, the fear of failing a test, and the encouraging touch of that "Sympathy which makes the whole world kin". In fact, we find that by looking back, we have had a taste of real life in our adventures that we call high school. Some of us found reality and our adventures have enriched our lives forming a foundation upon which to build for greater happiness in the future.

O, What a beautiful day.

The pen having written moves on . . .

Now, where is that book?

"Gladly would he learn and gladly teach."

Miss Ruth Hunt

In Appreciation

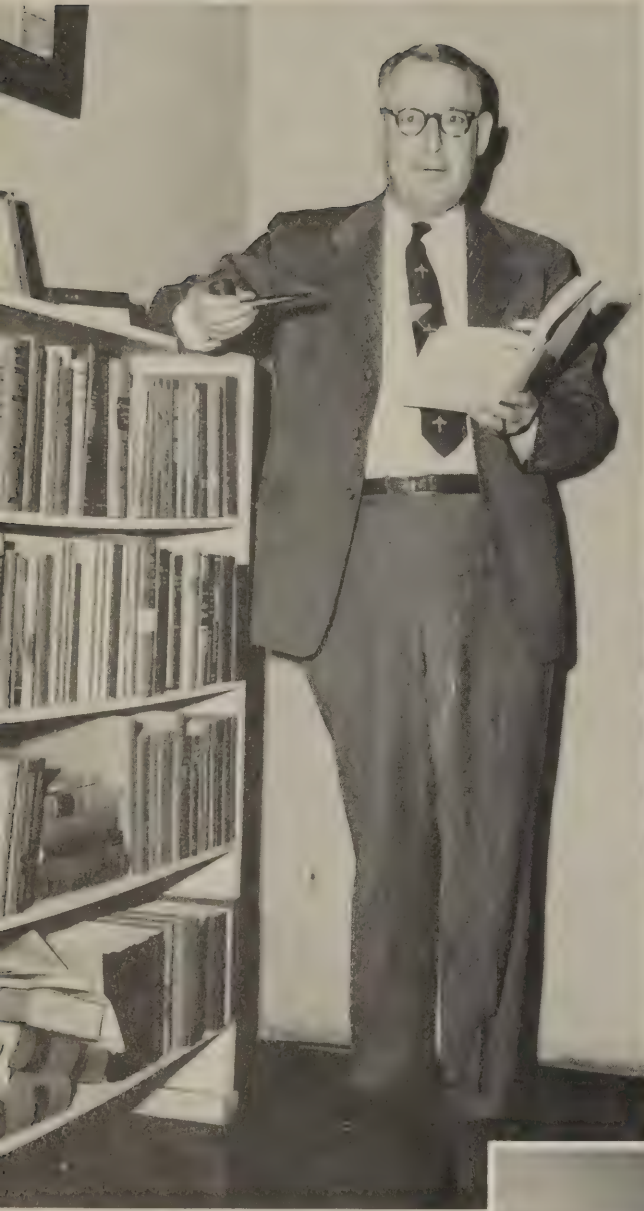

"Our Adventures in Blue" is an account of a wonderful year at Franklin County High School. It recalls days of work and play, trial and error, success and failure. We remember these adventures with a touch of sadness as well as a sense of great satisfaction.

To remember is, in a way, to be appreciative; and in being appreciative we wish to dedicate this, the 1956 "Animo" to Miss Ruth Hunt—for her love, kindness, understanding, and for her devotion.

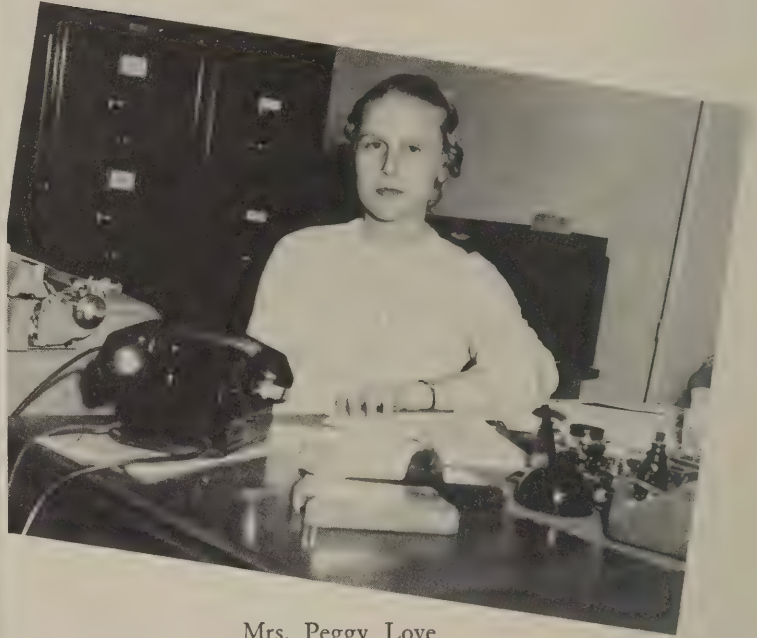

Our Leaders Who Plan

F. C. H. S. is a part of a county-wide system of public schools. At the head of this educational organization is Mr. Harold W. Ramsey whose outstanding ability as a leader has definitely influenced "Our Adventures". The Franklin County Schools under his guidance have made tremendous strides and with the help of this able staff, we look forward to continued progress.

The Guides In Our Adventure

Webster defines the word *adventure* as an exciting experience! The word itself is exciting. It suggests exploration, new things, new experience, and fun. It appeals to everyone, but especially does it appeal to the young in heart.

Its magical charm has captivated countless millions through the centuries. Some names stand out from the rest. There were the soldiers—David, Alexander the Great, Richard the Lion Hearted, Frederick the Great. There were the scientists, missionaries, writers, scholars, inventors, and industrialists.

But adventure does not belong to the past, nor to any particular people. For every frontier which has vanished a dozen new ones have revealed themselves. There are still wars to be fought and won—against crime, highway accidents, disease, famine, hate, fear, and above all, ignorance.

There is so much to do and so little time! Never have the challenges been greater. We have harnessed the atom—but we fear the use man will make of it. We are threatened constantly by dozens of dreaded diseases—but we have few cures and preventions.

Well, the frontiers are many, but the adventures are few. For it takes more than a "let the other fellow do it" attitude. It also takes more than just a "get by" attitude. If we assume these positions, we will march backward just

as surely as if we did nothing at all. Alice, in *Alice in Wonderland*, put it aptly when she said, "It takes a heap of running just to stand still," or words to that effect.

The world loves a fighter, a "go getter", the fellow with a healthy curiosity and a will to find the answers. He is the owner of the spirit of adventure. It is he who will conquer the new frontiers.

But where does one find this adventure? We cannot all be scientists, explorers, or soldiers of fortune. The Animo gives us one clue. Adventure is right here! It is all around us. Every class, with its answers to satisfy our curiosities about life around us; every book, with its storehouse of information and pleasure; every club, with its opportunities for leadership and service; every sport, with its outlets for our bursting energy—all work together to make life interesting, exciting, and worthwhile.

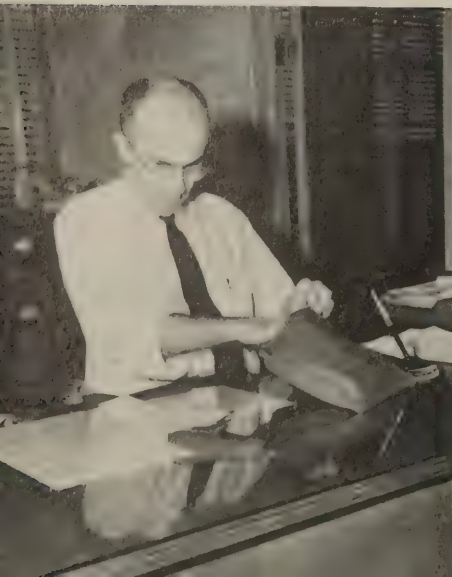

But all of these happy adventures are behind lock and key, and the key is a combination of ambition, curiosity and hard work. The final ingredient is a genuine love for life.

How about you? Do you possess the key? If you do, the knocks will never be hard enough and the disappointments will never be big enough to get you down. As long as you hold to your key, life will always be one big, wonderful adventure.

The Last Frontier in "Our Adventures in Blue"

There are two sides to every question and at least two interpretations to every fact. Examining our status as seniors, we might pat ourselves on the back for reaching the peak of our school careers, or we might wish that we were still toiling underclassmen. Whatever our opinions on the subject are, we cannot forget our adventures through FCHS.

Although the class of '56 has had a hand in almost every adventure at FCHS, there remain many exciting things for us this year. With the coming of class day, prom, baccalaureate, and commencement the big year of adventure will come to an end. The class of '56 will be gone—heading toward the biggest adventure—our journey into the world.

Hope you always remember me as one of your homeroom students. I have really enjoyed being in your class and I have enjoyed your laughs when you were. May you be richest blessings be yours. May-fai Adams

Activities

Betty Bernard, Co-Editor; Miss Mary Ellen Peregoy, Sponsor; and Bonnie Hunt, Editor, plan the "Animo".

Berta Mae Meador and Nancy Perdue type while Mr. Morris Law, Co-Sponsor, and Nancy Hamlin proofread the copy.

Mr. Wayne Cooper, Co-Sponsor, and Bobby Anderson, Business Manager; write annual receipts.

Catherine Barbour, Sports Editor, and Class Editors: Mitchell Bowman, Emalyn Vaughn, Jimmy Jamison, Nancy Perdue, and Guy Amos work on class rolls and copy.

The Animo

It is always the hope of the people who work on the Animo that you, the subscribers, will like it. The main purpose of a yearbook is to be something that the students in the school will enjoy reading, not just a publication to win awards.

It is an honor to be selected for a position on the staff, but quite a lot of responsibility goes along with it. The tasks, though many, are not thought of as being laborious in the least, but fun and companionship, which go into making up such a book as this.

In order that the finished product can be more fully appreciated we'll give you a sketch of the various assembly lines.

First of all, the staff had to plan a complete layout of the book and choose the theme and the color. Then we had to line up subscribers and solicit ads, for no yearbook can exist without a bankbook. Then the flashbulbs started popping, and we were knee-deep in pictures. To keep the book out of the illiterate class, stories had to be written and pictures identified. Taking all these facts into consideration, we can only hope that with the aid of the '56 Animo, FCHS will be remembered a little better in '76.

Emily Davis and Nancy Hamlin shove off to sell more ads.

Bobby, Miss Peregoy, and Betty discuss schedule at 1955 SIPA.

MOTTO: *Adelante Siempre Adelante*

The purpose of the Spanish Club is to stimulate more interest in our friends 'South of the Border', to learn the customs of Mexico and Spain, and to understand the Spanish language. Our club programs revolve around these things, taking us once a month to Old Spain amid the splendor of dashing caballeros and beautiful senoritas. One of the club's projects is to sponsor a Spanish Dance each year.

Membership is open to all Spanish students who take an interest in the club's activities.

The Dramatics Club, which is the producing organization for plays at Franklin County High School, is composed of students who are interested in the presentation (both acting and staging) of plays.

During the 1954-55 season two major productions, *Arsenic and Old Lace* and *January Thaw*, were staged. Proceeds realized from these two efforts made it possible for the club to paint and furnish the auditorium dressing rooms shown on these pages. These rooms, which are now equipped as classrooms, are being used by the art and dramatics classes.

As the annual goes to press, the group is engaged in rehearsals for its spring production of *One Foot in Heaven*.

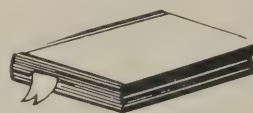

It is the purpose of the club to obtain additional equipment for the stage and to maintain the reputation of our auditorium and its facilities as one of the best in the state.

Library Club

The Library Club is made up of students who love books and enjoy working with them. Requirements for membership consist of a satisfactory course in Library Science and an academic standing that will permit

the use of study hall time for library work. The members act as student assistants in the library. They are able to perform much of the routine desk work, and this frees the librarians for other important duties.

"Societas Latina"

The Latin Club, "The Societas Latina", is a chapter of the Junior Classical League, a national organization. The purpose of the club is to furnish an opportunity for the pleasurable learning and encouragement of interests in ancient Rome and her languages, to develop leadership and responsibility, and to help students think for themselves, clearly and accurately. There is an opportunity for students to enter the annual Virginia Latin Tournament and win individual awards or a plaque for the school.

"*Vincit qui laborat*", translated "*Labor overcomes all obstacles*," is the club's motto. Membership is open to all students taking Latin and to those who have already completed two years of Latin. "Latin Lives Today".

This has been a year well worth waiting for in basketball. Building a team has been a hard job for Coach Steve Richards, however, this season the work is beginning to pay off.

Five lettermen returned from last year's team, and four junior varsity players moved up to mold a winning team.

The boys have played hard and have shown fighting spirit. Hopes are high for the Eagles to be in the District VI Tournament when the final count is made.

The won and lost record so far is 8 and 6.

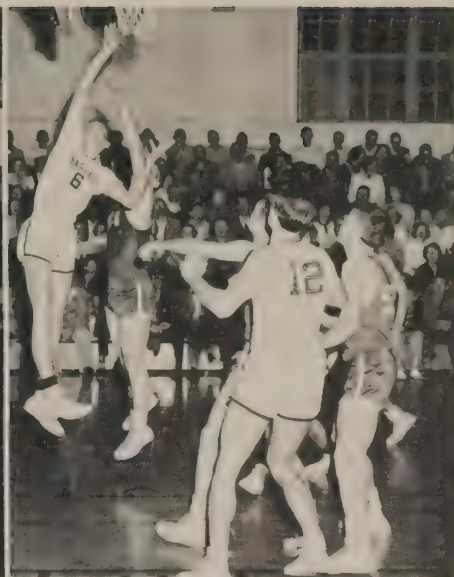

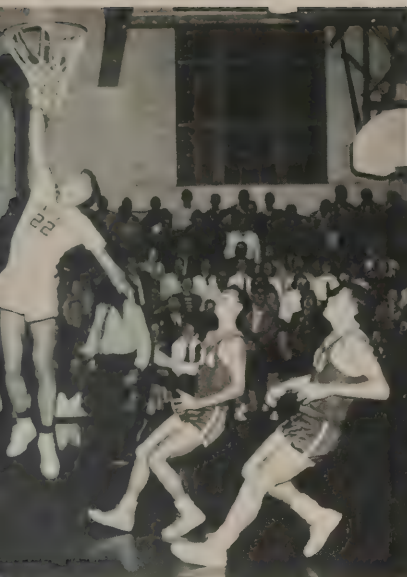

Students and friends have been very appreciative this season by packing the gym on all occasions.

"Miss Ruthie",

It has been wonderful having you for a teacher this year. I will never forget you "Miss Ruthie". It is a complete relaxation to come to your class. You always have something cheerful to say when someone is "down in the dumps." I hope to have you for English next year. I only wish I could have been as good a student as you were teacher. Have fun this summer.

Love ya!

Shirley Robertson

"Miss Ruthie"

I have really enjoyed having you as a English teacher this year. I will never forget the jokes you told us. I hope I have you as a teacher next year. I hope you have lots of jokes to tell us next year. Good luck.

Love forever

Virginia Hausman.

Miss Hunt

It has been a real pleasure for me to have been in your English class this year. I couldn't have found a better teacher anywhere. Stay as sweet and nice as you have been to me this year and all of your students that will have the pleasure of having English under you will love you and do. Remember me and your English class the third period. Have a pleasant summer vacation and I will look forward to seeing you next year.

Love you!
Gene Head

Miss Hunt,

It has been a pleasure having you for a teacher this year. I think you are a real sweet teacher and I hope I can have you for a teacher next year. Don't study too hard this summer.
Good Luck.

Remember me
with love,
Nancy Hausman

I'd like to take this opportunity to thank

you for your help in English. I've learned a lot in your class and I've had a good time, also. I'll see you around this summer.

Good luck to a nice lady & a wonderful English teacher. I enjoyed being in your "Dog house". A friend always (I hope)
Alvin D. Hall

Dear Miss Rutledge,

School is so near out that I'm sorry now I'm a senior. School has been wonderful because you have made it that way for me. Without your good help and interest in my work I couldn't have ^{had} success in high school life.

Please keep up the "tides" because that keeps all your students interested. You are such a wonderful person.

May God Bless you in everything you attempt to do. Have a good time at school and hey, what will happen in Europe next year?

Remember the good times you and I had "fixing" the mistakes for graduation.

I hope to be seeing you this summer. Come to see Wilson and I.

Thanks for everything.
Love,

Shirley Anne Gresham
